

Time	Tuesday 23.10.2018	Wednesday 24.10.2018	Thursday 25.10.2018	Friday 26.10.2018
Morning 9.30-13.00 Coffee break 11.00-11.30		Phase 2 Reliability and durability of PV systems integrated in the built environment; - PV Monitoring	Phase 3 PV Modelling; PV Simulations	Practical course Excursion: Field trip to PV-installation; Visit at PV manufacturing company
Lunch break 13.00-14.00				
Afternoon 14.00-17.30/18.00 Coffee break 15.30-16.00	Registration / Welcome Phase 1 PV in the built environment; Issues important in BIPV/grid connected PV	Practical course Excursion - Workshop: Lab tour, measurements and monitoring	Practical course Workshop: Modelling and simulations	
Evening 18.00-20.00	Social gathering PhD candidates and ESR- ECIs progress reports feedback & discussion
